VERSATILE
CRAFTING SHEETS

Hardboard / MDF / Plywood / Acrylic
Aluminum / FRP / Bamboo / Glass

Large Sheets Factory

Our large sheet factory covers an area of 6000 square meters and specializes in the production of cut-to-size and large panel sheets for cutting, engraving, sublimation, and UV printing.

Using up-to-date environmentally friendly materials, we manufacture sustainable, durable and diverse large sheet materials. From indoor to outdoor displays including logos, business signs, sign panels, trade show displays, advertising signs, home decor, crafting supplies and more, we have you covered no matter your need. We ensure the quality, reliability and durability of each sheet material will exceed your expectations and help your custom business thrive.

Strengths

We offer users the ability to display their design or image on unique flat surface items. Made with premium raw materials, Imazee Panels are durable, scratch resistant, abrasion resistant and rigidly flat. Coated with a 100% Polyester environmentally friendly gloss, Imazee Panels allow for vibrant and impressive prints. Equipped with a custom design team, we are able to cut and coat specialized items cut-to-size and shape. Creations come alive with our innovative techniques!

Premium Raw Materials

Rigidly flat, scratch and corrosion resistant

Superior Coating

Exceptional color vibrancy, high-definition display & full color prints

Specialized Coating Equipment

Coated evenly in 100% Polyester for a consistent color output

Professional Cutting Equipment

Achieve high precision custom cuts with a smooth edge finish

Suitable for 4 Technologies

Expand your creativity! Our specialty coated sheets are compatible with laser cutting, sublimation, engraving and UV printing. Mix and match different crafting techniques for the ultimate personalized creation!

Unlimited Creativity

From home decor to party decorations, ornaments, personalized accessories and more! You can always find something to match your unlimited creativity.
